

SINGLE BARREL SELECT PROGRAM

BY CARDINAL SPIRITS

Straight from barrel to bottle: this is how whiskey was meant to be enjoyed! These delicious cask-strength whiskeys are sourced from some of the best distilleries in the world. Each barrel is undiluted for a full flavored whiskey. We don't allow a single barrel into this program unless we consider it exceptional. These are the best of the best.

How does it work?

A member of our team (or the distributor) will present you with a few options. You pick the barrel you and your customers will love. Once we have your barrel selection locked, we design a custom sticker, bottle out your barrel, and ship it to you through the distributor.

What makes this special?

- We offer the shortest lead times in the market: Usually less than a month!
- We are always sourcing interesting barrels that will keep your customers coming back for more.
- We can include the physical oak barrel with your cases if you like.
